The August Breeze Sale is here, save \$10,000!!!

Limited time offer!

\$2,000 deposit

The tried and true favorite of the modern Kea range is undoubtedly the Kea Breeze M660, this one a late model Mercedes Sprinter Chassis with additional gearing for efficiency and additional power!

Not only versatile in size (6.6meters), but in nature with its drop-down bed over the Panoramic window U-shaped lounge area at the back

Designed for those who like the comfort and convenience of pulling down the made up bed when you are ready to lay down, or stow away when you want to dine or lounge about and look out at our beautiful country's scenery during the day

With 2 extra passenger seats and a lounge that can also become a bottom bunk double bed, it gives the option for family's and friends to travel and make happy memories together, without lugging around extra unused space and weight

Easy to park and maneuver due to dimensions, this could be the ultimate motorhome for you

Very robust and reliable thanks to Kea's stringent rental build requirements and a refined German engineered drivetrain and cab chassis

78,690Kms - these RWD, chain driven commercial diesels do many more.

Well serviced & refurbished

1 year NZ wide guarantee

145w Solar panel

120ah battery AGM Deep Cycle

VSR and 230v charger
